OFFICIALS ADMIT NUN'S DEATH MAY BE MYSTERY

TRAVES CITY, Mich., Feb. 27.—

ing the disappearance from the lazar-
ette near here 11 years ago of Sister
Mary John who they are convinced
to admit the mystery may never be
solved.

TEN YEARS' TIME FOR SUBSTATION

Branch Postoffice in South
Memphis Should Be Done in
Two Years' More.

The recommendation by the congres-
sional committee recently of an addi-
tional appropriation of \$50,000 for the
project of the Memphis subpostoffi-
ces, means that 10 years after the
movement was begun, the city probably
will get the use of the building. The
station completed will have cost the
government nearly \$100,000.

TODAY'S BEAUTY TALK

You can enjoy a delightful shampoo
with very little effort and for a very
trifling cost, if you get from your drug-
gist's a package of canthox and dis-
solve a teaspoonful in a cup of hot wa-
ter. This makes a full cup of shampoo
liquid—enough so it is easy to apply it
to all the hair instead of just the top
of the head. Your shampoo is now
ready. Just pour a little at a time on
the scalp and hair until both are entire-
ly covered by the daintily perfumed
preparation that thoroughly dissolves
and removes every bit of dandruff, ex-
cess oil and dirt. After rinsing, the hair
dries quickly with a softness that
makes it feel heavier than it is, and
takes on a rich luster and a softness
that makes arranging it a pleasure.

Just Try This When Hair Growths Appear

(Modes of Today.)

A smooth, hairless skin always fol-
lows the use of a paste made by mix-
ing some water with plain powdered
detolite. This paste is applied to the
hair surface 2 or 3 minutes, then
rubbed off and the skin washed. When
every trace of hair will have vanished.
No pain or discomfort attends the use
of the detolite paste, but caution
should be exercised to be sure that you
get real detolite.

Reduce Weight

If you wish to reduce steadily, yet
eat candy, ice cream, etc., get a small
box of oil of kerosene at the drugist's.
Follow directions herein system. Ab-
solutely safe method of becoming thin.
No starving, become slender grace-
fully, mentally and physically alert—
gain 10 to 60 pounds or no cost to you!

BARGE LINE TO OPEN TO-BE OPEN OFFICE

S. I. Flournoy Will Arrange at
Once for Shipments Out
of Memphis.

The officials of the federal barge line operating between St. Louis and New Orleans are preparing to raise the restriction on Memphis outboard shipments, according to advice reaching A. S. Cullen, superintendent of the local terminals.

S. I. Flournoy, of St. Louis, assistant manager of the Mississippi-Warrior Waterway company, writes that he is preparing to visit Memphis within a few days and open up a special office for shipping out local goods. Heretofore the local office has declined to accept Memphis goods for shipment.

Inadequate system and facilities of billing experts at Memphis is probably the cause the government has discour-
aged the local shippers. According to Mr. Cullen, merchants have been hot on his heels for permission to ship out by the barge line.

Mr. Flournoy will also place in Memphis an advertising and soliciting agent upon his arrival.

Heretofore only imports have passed the Municipal River and Rail terminals at the foot of Georgia avenue. Chemi-
cals and vehicles have comprised the principal items from Louisville and
sugar, tea, coffee, Mexican hats, hemp,
etc., from New Orleans. In due time
considerable quantities of fish are ex-
pected to come regularly from New
Orleans.

**Arkansas River Bank
WILL BE REINFORCED**

Reinforcement work on the Arkansas bank of the river opposite Memphis is being contemplated by United States engineers here to prevent the crumbling of the bank before the current, which has been the cause of a considerable extent in the last several weeks.

Maj. Montgomery Gardner, assistant engineer in charge, announces the work will begin Monday if nothing prevents. Three quartermen are already assigned to the spot, which is a few hundred yards down from the Hopewell point. A survey of the spot has been completed.

Work of laying the two mats, of 1,000 and 1,500 feet length, respectively, off the bank near Hopewell point is progressing rapidly and the driving of piles will begin soon. Low water will expedite the work. A few days stoppage it should be completed in 40 days longer, says Maj. Gardner.

POLES WANT STEAMSHIP SERVICE TO AMERICA

WARSAW, Feb. 27. (By the Associated Press.)—The Polish-American business is a steamship line from New York to Poland, said Stanislaw Karolowicz, director in one of the prominent banks of Warsaw, to the Associated Press, while commenting on the failure of any commercial missions to visit Poland.

"I prefer the presence of business men to military ones," he said, "because they make reports and the former fix up matters," he continued. "But a steamship line from New York to Poland must be based on two suppositions. First, that the peace conference gives us Poland, and second, that we are able to get our credit guaranteed."

"Once we get Dantzig and credits, a steamship line can be easily arranged with Polish and American capital."

UTOISTS ARE TARDY.

There are several thousand automobile owners in Shelby county who have not paid their 1919 auto taxes, according to John McLenon, county court clerk. The office is open from morning to night, and if the delinquents do not come in and get their taxes they will be arrested, McLenon declares. Penalties are fines from \$5 to \$7, and March 1 is the date the penalties go on.

M'VEY IS ACQUITTED.

Arraigned in the police court late Thursday afternoon on the charge of violating the liquor law, William McVey, proprietor of a soft drink booth, near Avery street and Cadron avenue, was acquitted. Herman Workhoven, a boy, had told police that he had seen McVey sell a negro a bottle of whiskey, but he failed to appear at the trial.

STORE IS ROBBED.

During a rear window burglary before dawn Thursday entered the store of A. L. Toward, 1927 Poplar avenue, several hundred dollars' worth of goods and cigars, several boxes of gum, four dozen cans of condensed milk, six cans of molasses and \$6 in pennies.

Activities Among Memphis Negroes

BY REV. T. O. FULLER.

Community life in the future of partnership—a systematic co-operation for the good of all parties concerned. Every man has obligations and responsibilities, as well as privileges and opportunities. Every individual, sound in body and mind, should contribute his share to the welfare of his fellow men, leaving a margin for the welfare and opportunities. The parable of the talents is a good guide in which to estimate the activities of the well ones.

Negro children go to Reids avenue because there are no attractions elsewhere. Social workers should provide amusement for them in the residence district. Children are often caught and trained and then abused for what they have learned.

If your knowledge of a people is confined to the political and charity record or the vital statistics you are not a capable spokesman for them. Those are only the symptoms of the diseased ones. This is not a proper basis from which to estimate the activities of the well ones.

There is great demand for families who would like farming. The federal labor office has valuable information for such people.

A friend writes: "I need a good yard man; settled man preferred."

Don't make excuses—make good. The compensation is greater.

Every individual should learn to do some one thing well enough to command good wages. You may not need it now, but the future may bring surprises.

Rev. A. D. Hurt, superintendent of missions for the Baptists of Tennessee, was in the city yesterday; the guest of Dr. A. M. Townsend.

Rev. S. Sebastian, of Ohio, is in the city.

The Grand Union Order of Odd Fellows will hold a memorial service for Peter Ogden, founder, at Avery chapel Monday night, March 3, 11 o'clock. Moore grand master will deliver the principal address.

The Solvent Savings bank is remodeling its building so as to give more room for the handling of their increasing business.

The Memphis Times is planning a large anniversary edition. S. W. Broome, the editor, is much encouraged by its success.

The church can not afford to lag in the work of civilization and social uplift. The church represents the principles of Jesus Christ and should exemplify his spirit.

Some of the members of that church, they like to go to church for to jump and shout.

But they don't like to give any money.
